Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A farmer	Know about past years of crop production	I know where to search the information	In internet there are many website's which provided lot of information	The gather information is very useful and make me feel happy.

PS-2	A company manager	Know about the crop yield details state by state.	I want a large amount of crop production	I am trying to launch my company branches at correct location	If the production increase and the profit will also be increase. It make me feel happy and the company workers also get more salary.
